- Ability to build an electrical circuit	1	2	3	4	5	6	7	8	9	10
- Ability to engage in a design process	1	2	3	4	5	6	7	8	9	10
- Ability to work to a deadline	1	2	3	4	5	6	7	8	9	10
- Ability to work to display practical skills	1	2	3	4	5	6	7	8	9	10
How would you rate the activity overall?	1	2	3	4	5	6	7	8	9	10

As a result of the Wates House of the Future Workshop...	Strongly Disagree	Disagree	Unsure	Agree	Strongly Agree
I am more aware of Wates construction and what they do.					
I am more aware of the technology that Wates are using to make the construction industry more sustainable, biodiverse and carbon neutral.					
I have gained and displayed STEAM skills during the workshop. For example, when engineering the circuits and constructing the house of the future kit.					
I feel like I might now consider a career in the construction industry, after finding out about the House of the Future and the new skills the industry requires.					

Have your say!

What did you enjoy most about today?

Can you give us a quote to describe the workshop experience?
